Our Service Area

What We Do

Habitat for Humanity Metro Maryland's (HFHMM) program provides affordable homeownership solutions for low-income families through the construction, rehabilitation and repair of homes. At HFHMM, we are not only committed to meeting the housing need of our community, we are also committed to providing residents with a full range of supportive services to help them maintain their homes, mortgages and families!

House Sponsorship Program

Habitat for Humanity Metro Maryland partner families benefit in many ways from the financial support of sponsorships, and sponsors are enriched by the experience of supporting hard working low-income families who simply seek a hand up and not a hand out in the construction of a new home or the preservation of their existing home. Sponsors provide financial resources to pay for the construction materials for homes across Montgomery and Prince George's Counties.

Adopt a Home

Habitat for Humanity Metro Maryland's "Adopt a Home" program works with current homeowners to weatherize or repair their homes, removing blight and alleviating critical health, life and safety issues. As explained by Habitat for Humanity International, "A home is not affordable if it is not energy efficient, healthy and safe throughout the life cycle of the home." Our work helps low-income homeowners to experience lower utility bills, reduced health impacts from poor housing conditions and the opportunity to focus on thriving instead of merely surviving.

Sponsorship Levels

Legacy Sponsor \$120,000

- › Named as a Legacy Sponsor in Habitat issued press release at the beginning of the partnership
- › Prominent HFHMM website recognition with link to Legacy Sponsor's website for one year
