

ANNUAL REPORT

JULY 2020 - JUNE 2021

ABOUT US

Founded in 1982, Habitat for Humanity Metro Maryland (HFHMM) creates opportunities for low-income families to break the cycle of poverty through homeownership. We believe a decent place to live and an affordable mortgage creates a situation where homeowners can save more, invest in education, pursue opportunities and gain better financial stability. Since we began, we have mobilized the community to work alongside families to build 62 new homes, rehabilitate 38 vacant, distressed properties, and complete 615 weatherization and repair projects throughout Montgomery and Prince George's Counties. In doing so, we have helped over 1,375 people realize strength, stability and self-reliance through shelter. We have issued over \$12 million in zero interest financing and spent over \$23 million on construction in the local community. HFHMM's programs serve qualified low-income families who earn up to 80% of the area median income (AMI), live in substandard housing or are significantly housing cost burdened, are willing to complete sweat equity on their house and are not able to secure conventional financing to either purchase a new home or to effect repairs on their existing property.

LETTER FROM BOARD CHAIR

As I reflect on this past year for Habitat for Humanity Metro Maryland, Millard's quote noted to the right helps to bring into focus the importance of our work. It is not just houses built or homes repaired but also individuals whose lives have been improved through Habitat's work. This past year, we served 120 people through our homeownership, repair, weatherization, and aging in place programs including 30 children who now have a decent place to live because of your support for Habitat. That brings the total number of individuals served since our founding to just over 1,375. It is so impressive to reflect on Habitat's impact while at the same time it pushes us to recognize the need to do more for individuals in our community.

At Habitat Metro Maryland, we strive to build strength, stability, self-reliance and affordable homeownership every day through our work that changes lives, neighborhoods and communities. We believe that no matter who we are or where we come from, everyone deserves the opportunity to have a decent life and to know they have the power to take care of themselves and build their own futures.

For the past 39 years, Habitat for Humanity Metro Maryland has worked in our community and around the world to make affordable homeownership a reality for families in need of decent and affordable housing.

Our success is directly related to the thousands of volunteers, individual donors, corporate supporters, community leaders and others who are committed to working with families to lay the foundation for a brighter tomorrow. Thank you for being part of our Habitat story and for improving the lives of your neighbors right here in Montgomery and Prince George's Counties. Thank you for helping us achieve our goal.

Mary LoGiudice
Board Chair
Habitat for Humanity Metro Maryland

“

Love makes things blossom and allows little children to become all that God intended for them to be. Children given the opportunity to grow up in a decent home may even change the world.

*-Millard Fuller,
Founder of Habitat for
Humanity*

JAMES ROLLINS

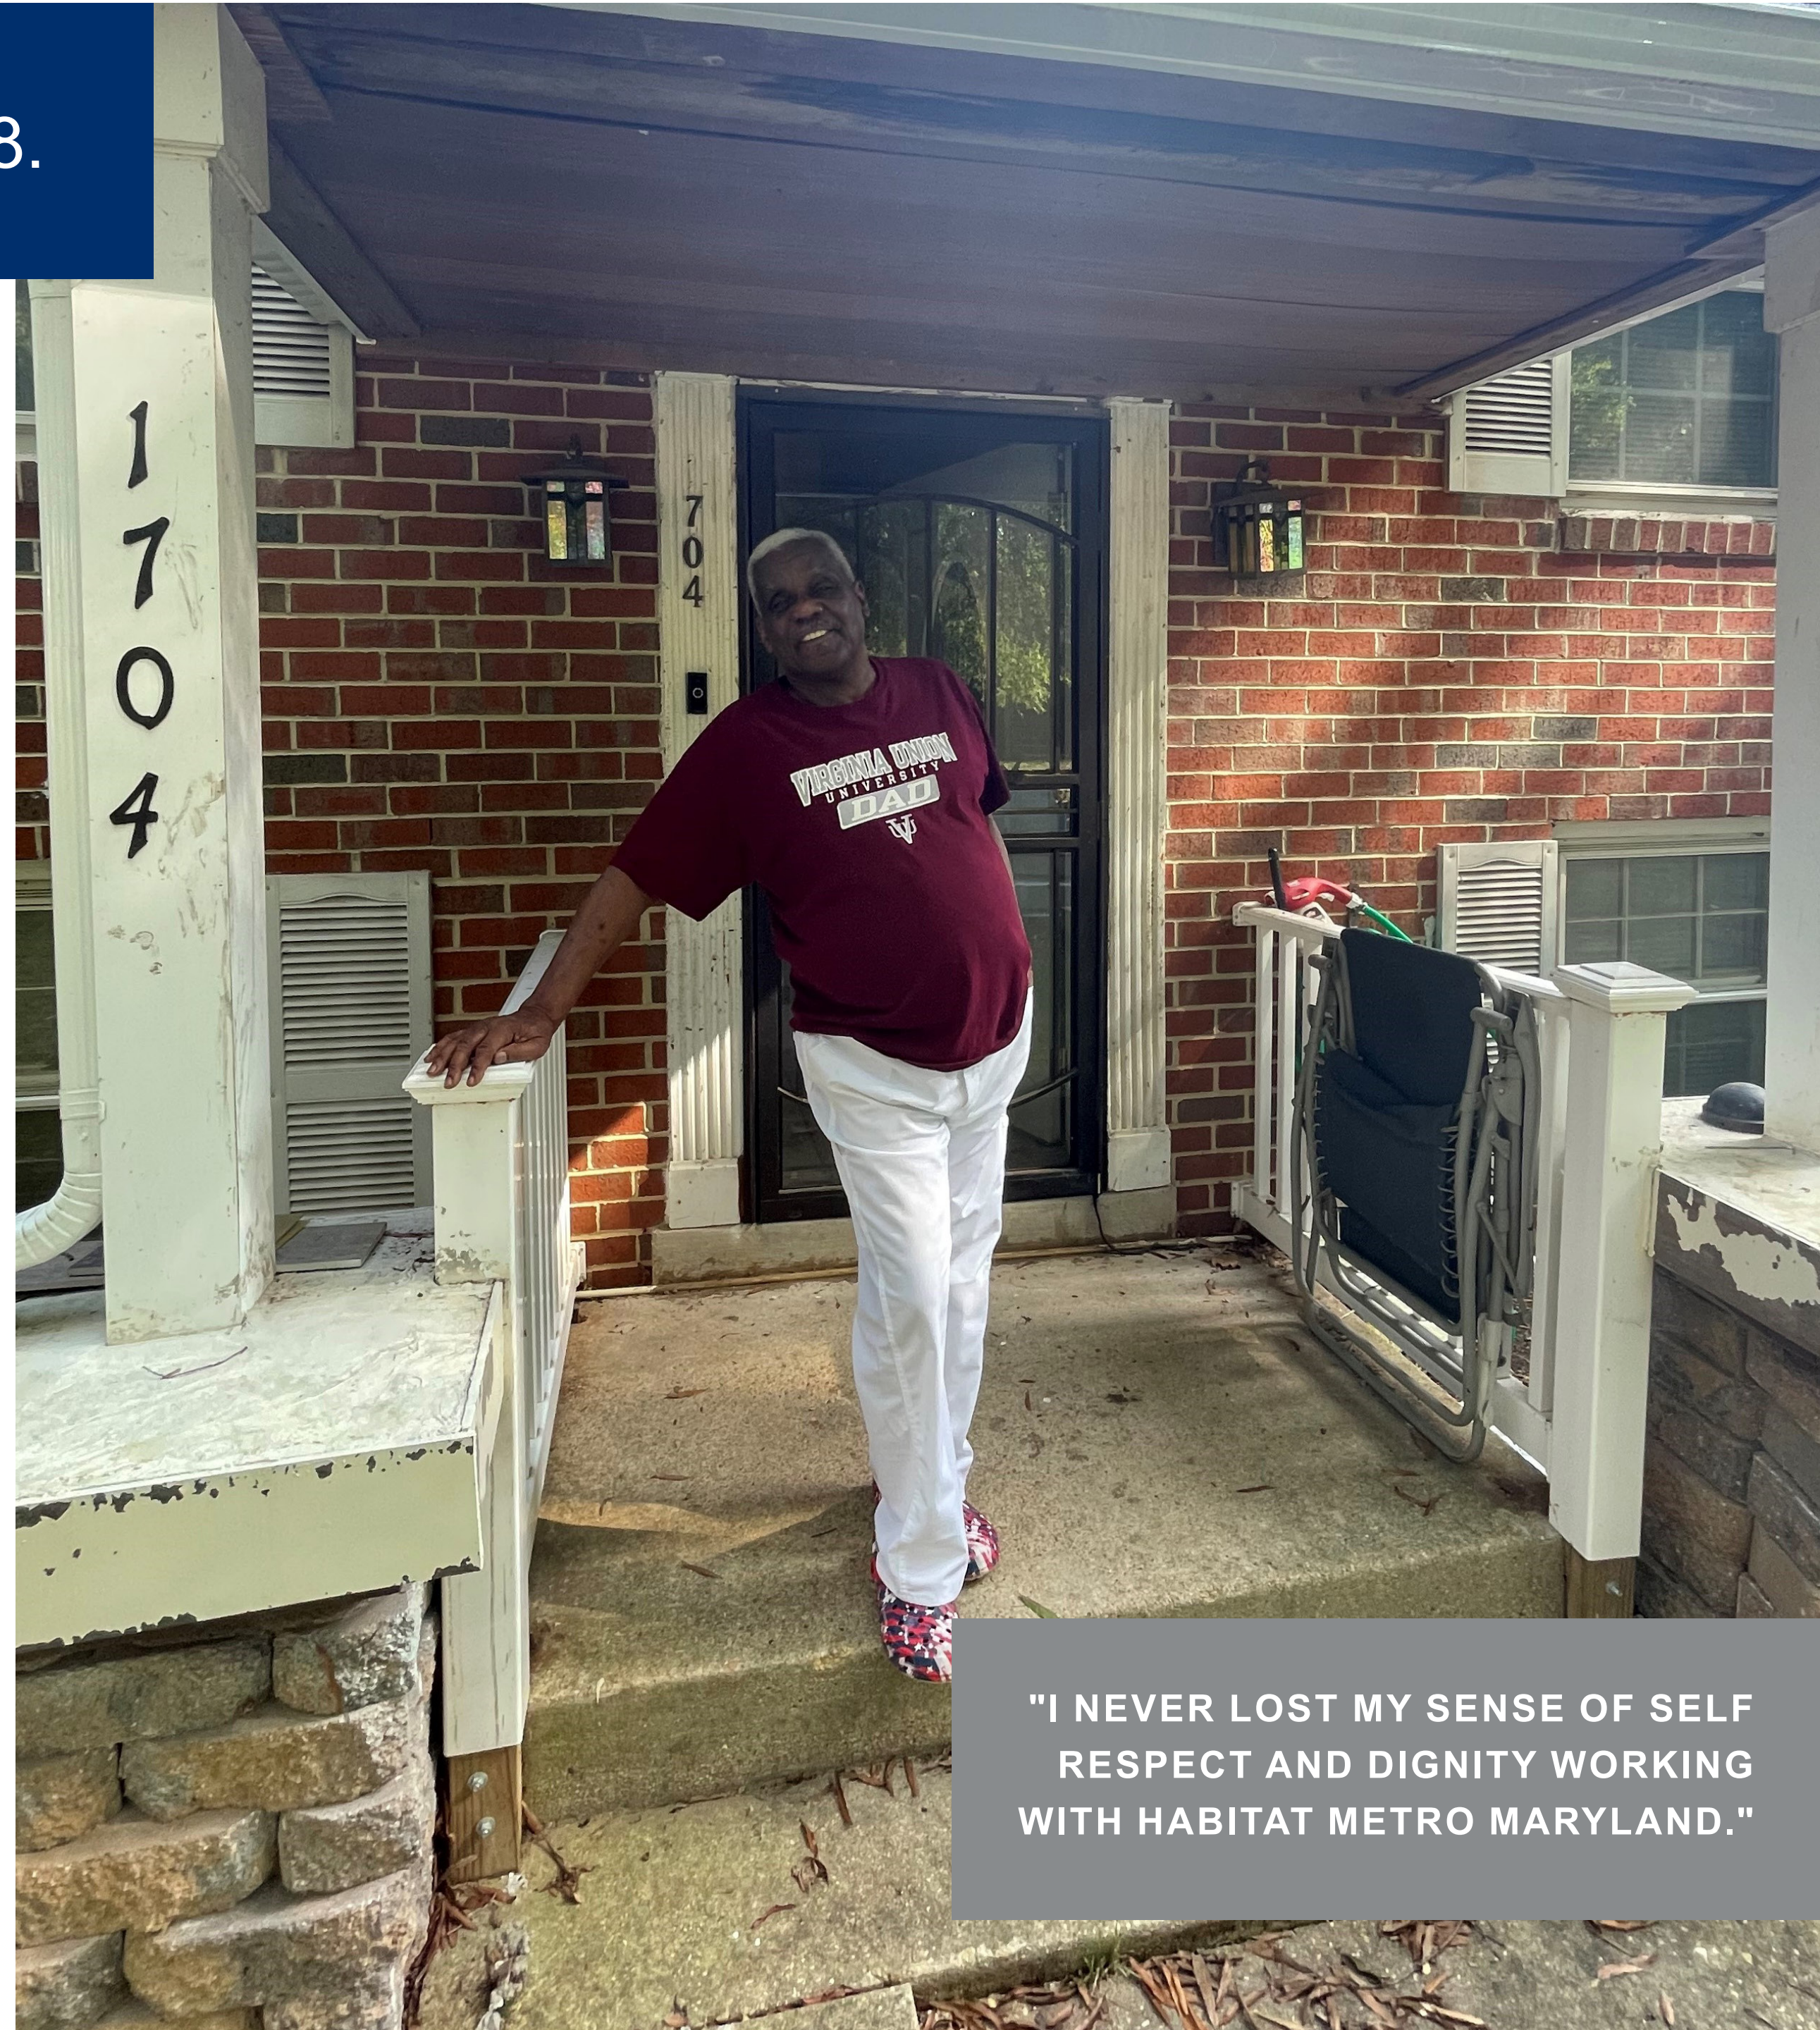

"The Habitat staff were my little angels—they always made me feel important to them."

Born just 15 blocks from the US Capitol in 1942, Mr. James Rollins was delivered at home by his grandmother since hospitals at that time only permitted emergency services for African Americans. The 2nd of 6 children, he was educated in the DC public schools. After graduating high school, he enlisted with the US Air Force and served from 1961 to 1965 while he also attended technical school at Langley Air Force Base. After an honorable discharge, Mr. Rollins moved back to his hometown where he raised four wonderful children as a single dad and used his military training throughout his career in facilities management. He also devoted himself to writing five books on black history and the significance of public policies and national milestones impacting African American families.

In 2000, as his youngest daughter was finishing her degree, he decided to relocate to his current house in Maryland. Always fiercely independent, he looked for a house where he could do a lot of work with his own hands. He recalls sitting in the driveway of his now-current home and calling his realtor immediately to tell her, "I'm home!" He expanded the master bedroom, built an addition and a porch with a stone foundation – all with his own hands and the technical skills he picked up over the years.

Fast-forward twenty years to find Mr. Rollins a bit older, still curious and determined as always; yet moving a little slower and unable to climb a ladder to do needed home repairs. On a mission to solve a problem with a leaky roof and lower his energy costs, he went online seeking a solution. He found that Habitat for Humanity Metro Maryland (HFHMM) offers repair and weatherization services to qualifying Veterans. After answering a shortlist of questions, he quickly received a phone call from HFHMM. From that point forward, he knew "he was a partner in the process" and "felt completely respected, with dignity and care".

Today, at 78 yrs old, Mr. Rollins is thrilled with his new roof, a home that is safer, more comfortable, and much more energy efficient. HFHMM replaced his leaky roof, gutters, and downspouts and worked to make his home healthier and more energy efficient. New grab bars were added throughout the house, drafty drywalls were replaced with new ones, and ample insulation was added to the house. Without the moisture from the leaky roof and now free from chilling drafts, Mr. Rollins noticed that his breathing and overall quality of life greatly improved since the work was completed. Not only does he feel better, but his energy bill was also cut in half.

**"I NEVER LOST MY SENSE OF SELF
RESPECT AND DIGNITY WORKING
WITH HABITAT METRO MARYLAND."**

CONTESSA

Contessa, a long time resident of Maryland is originally from Jacksonville Florida. She is the proud mother of three children ages 18, 14 and 2 years old. She would like people to know that she considers her family a testament to her hard work and Faith. Contessa applied to the Habitat for Humanity Metro Maryland Home Purchase Program “because she wanted the opportunity to own a home of her own” and feels the home buying process is more affordable and fulfilling with Habitat for Humanity Metro Maryland.

Her first reaction to hearing the news that she and her family had been selected was “How Awesome God Is.” She and her children joined hands to thank God while jumping up and down screaming in unison.

Contessa was renting a townhome where she experienced issues and unkind neighbors. “Living there dampened our spirits and I was ready to go.” Contessa will be a first generation homeowner and is grateful for the additional support HFHMM staff provides to new homeowners. She told us that navigating this new process can be a struggle without family and/or friends who have been through the process. She looks forward to homeownership as providing a means of security for her family as well as a sense of pride. Contessa was excited to take part in the construction of her new home and she sees this opportunity as “starting our new life in the area and home.”

Contessa's purchased her home from Habitat in the Fall of 2021.

Fundraising: \$579,245

Total: \$4,223,322

AS PART OF OUR MISSION, HABITAT FOR HUMANITY METRO MARYLAND SELLS HOMES TO PARTNER FAMILIES AT ZERO PERCENT INTEREST. AS SUCH, GAAP REQUIRES US TO RECORD THE MORTGAGE DISCOUNT AMORTIZATION AND MORTGAGE DISCOUNT EXPENSE ON OUR P&L EVEN THOUGH BOTH ARE NON-CASH ENTRIES. THUS, A LARGE PORTION OF THE APPARENT SURPLUS FOR FY '20 IS AN ACCOUNTING REQUIREMENT AND NOT WHOLLY A CASH SURPLUS FOR THE FISCAL YEAR.

REPAIRS & WEATHERIZATION

Beyond the affordable homeownership opportunities that so many associate with Habitat for Humanity, we also offer a range of critical repair, accessibility, and weatherization programs, for existing income-qualified homeowners. The goal of these programs is to provide comprehensive repairs and modifications that address critical health, safety, and accessibility issues and help to alleviate energy-related cost-burden for income-qualified households throughout Montgomery and Prince George's Counties. As stated by Habitat for Humanity International, "A home is not affordable if it is not energy efficient, healthy, and safe throughout the entire life cycle of the home."

Throughout FY21, we continued the successful implementation of the CAPABLE Program (Community Aging in Place - Advancing Better Living for Elders). The CAPABLE program framework was developed by the Johns Hopkins School of Nursing, it combines a home repair component with the caregivers like Occupational Therapists and Registered Nurses to serve clients in a more holistic and comprehensive way, and empowering and enabling seniors to age in place, both safely and confidently. Modifications provided by this program often included the following: stair lifts, grab bars, zero-step entry solutions, durable medical equipment, additional railings, among other things.

Our Veteran Repair program, funded in part by the Home Depot Foundation, allows us to intentionally serve the critical repair needs of Veterans and active duty military households in the community. This program, similar to our standard repair program, enables us to address health, safety and accessibility repairs and modifications to most areas of the home. Those repairs typically include roof replacements, zero-step entry solutions, heat and AC replacement, water heater replacement, and plumbing and electrical repairs.

Across all owner-occupied programs in FY21, we completed 82 repair and weatherization projects. Repair projects, which included those completed under both the CAPABLE and Veteran repair programs, accounted for 51 of the 82 completed projects this year; nearly 60% of completed projects included services through our CAPABLE program and 18% were performed in Veteran households. In addition to repair projects, we completed 31 weatherization and energy efficiency projects that included increased insulation and air-sealing, LED lightbulbs, faucet aerators and low-flow showerheads, upgrades to energy star appliances, mechanical ventilation and flue corrections, and eligible HVAC and water heater upgrades.

ADVOCACY

Habitat Metro Maryland believes EVERYONE should have access to safe, stable, healthy and affordable housing across the continuum. For far too long, housing segregation and discrimination have caused massive inequities in our neighborhoods affecting health outcomes, educational outcomes, future income potential, generational wealth, and access to high quality food, public amenities, and transportation. Habitat asserts that we must all work collectively to create equitable policies that ensure EVERYONE has access to communities of opportunity and high quality housing that's affordable to them.

In FY21, HFHMM was active on the County, State, and Federal levels supporting the following policy priorities:

1. Increasing the supply and preservation of affordable housing
2. Equitably increasing access to credit
3. Optimizing land use for affordable homes
4. Ensuring access to and development of communities of opportunity.

HFHMM has been and continues to be a vocal supporter of Montgomery County's General Plan, Thrive 2050, as well as the Planning Department's Attainable Housing Strategies work.

Additionally, HFHMM continues to advocate for the dedication of State and local American Rescue Plan Act (ARPA) funds to affordable housing and is excited that Prince George's County dedicated \$16M to advance the preservation of affordable units. Of that, \$1M will support the launch of the Homeownership Preservation Program, which will help income-qualified homeowners improve the safety of their homes and preserve generational wealth. This program, launching in FY22, will be administered by Habitat for Humanity Metro Maryland.

RESTORE

13.

Habitat for Humanity ReStores play an integral part in Habitat's mission, generating unrestricted revenue for our work. This enables more homeowners to achieve the strength, stability and self-reliance they need to build better lives for themselves and their families. Proudly owned and operated by Habitat for Humanity Metro Maryland, our two ReStores are open to the public seven days a week.

From its humble beginnings in a cramped space on Gaither Road in Gaithersburg in 2006, ReStore has become one of the largest contributors to HFHMM's affordable housing program in Montgomery and Prince George's Counties. By purchasing from and donating to the ReStore, everyone not only gets great deals on materials, they also help fund the construction of homes in our local community and divert tons of materials from landfills. Although ReStores in Rockville and Silver Spring saw a slight decrease in the number of total customers, likely due to lingering COVID-19 health concerns, total FY21 sales increased by 31% while the average transaction increased by 33%. This increase per transaction is a reflection of the improved quality of items donated and sold.

Women Build Participants

WOMEN BUILD

Women Build is a multi-month event where women join together and work to recruit, nurture, train, and empower women in Montgomery and Prince George's Counties to address and help solve the housing crisis in their own neighborhood. Our program encourages women to become empowered to break down stereotypes, learn the skills needed to build a home, and help raise awareness about the critical need for affordable housing. This year, nearly 350 women came together to help local families build a decent and affordable place they can call home. Raising nearly \$175,000 from individuals and businesses in our community, these women helped to transform lives by making decent and affordable housing a reality for people in need. During FY21, Women Build teams helped complete our 99th and 100th home. They also helped demo a future duplex home in Takoma Park, MD.

WE ARE WOMEN.

WE ARE EMPOWERED.

WE WILL BUILD.

BUILDING HOPE FROM HOME

VIRTUAL MORNING MIXER

In lieu of COVID-19 and social distancing, Habitat's 12th Annual Affordable Housing Benefit Breakfast pivoted to a Virtual Morning Mixer. During the inspirational program, guests learned more about the generational impact of decent and affordable homes, heard from a Habitat Homeowner and her journey to homeownership, and got the latest updates on our current Habitat projects and plans to serve more families in Montgomery and Prince George's Counties.

We raised nearly \$145,000 towards affordable housing in our local community.

GLOBAL IMPACT

Habitat for Humanity affiliates are encouraged to donate 10% of what they raise in support of home construction in other countries, encouraging everyone to participate in the international effort to eliminate poverty housing. Since its founding, HFHMM has donated more than \$588,000 to building homes overseas resulting in 164 homes being built internationally. Currently, HFHMM is partnering with Habitat for Humanity Nepal for six years during which time we hope to help stabilize housing in disaster affected areas as well as provide safe and decent shelters in which families can raise their children.

The Global Village program is an opportunity for volunteers to help build decent and affordable housing around the globe. Our staff has participated in trips to rural Armenia, El Salvador, Fiji, Indonesia, Lesotho, Paraguay, Nepal, Macedonia, and Portugal.
